The Revival Collection

The perfect blend of old and new.

New to our ever-expanding range, the Revival Collection creates the charming look of yesteryear, with all the benefits of a modern, engineered brick. Revival bricks give home builders and designers an excellent opportunity to get creative with these customisable bricks that have been built to stand the test of time.

This range is available in five colours (shown below), which can be tumbled to create a variety of desired looks for any project or home. Custom mixes and blends of these unique colours are also available upon request to add raw, rustic, textured or organic character to your home. These bricks are also supplied in builder-friendly packs for ease of delivery and practical handling on site and are tested to Australian Standards.
